Your entire document flow covered

ALL AT THE TOUCH OF A BUTTON

With no time to waste, you need an office device that is easy to install, operate and maintain. Designed with ease of use in mind, the MP 161LN offers:

- Simple plug and play installation.
- Full front accessibility.
- A straightforward operation panel with LED light.

SOLID RELIABILITY

Equipment you can fully depend on is crucial in your fast-paced office. With the MP 161LN you can rest assured. Building on years of experience and technological innovation, these digital systems offer a whole new level of professionalism.

THE COMPACT ANSWER

- Small footprint.
- Space-efficient, compact design with handy internal output tray.
- Fits anywhere in the office without intruding on valuable workspace.

SPEED AT YOUR FINGERTIPS

Instantly available, the MP 161LN is ready for business in less than 10 seconds. Your first copy or print exits the device in under 7.5 seconds. A continuous output speed of 16 ppm is guaranteed.

CONVENIENT PAPER HANDLING

Able to handle any paper size from A6 up to A4, the MP 161LN not only tackles your everyday office tasks. It also takes care of the occasional special request. Larger print/copy jobs are quickly processed too. With a maximum paper capacity of 850 sheets, you need not worry about frequent refills. Furthermore, the handy ARDF facilitates feeding of up to 50 sheets at once.

STANDARD DUPLEXING

Save paper and reduce your costs by copying and printing duplex. Standard included on the MP 161LN, the duplex function produces double-sided output at high speed. To save you time, the MP 161LN's scanner can digitise both sides of an original in one go.

HANDY PRINTING AND COLOUR SCANNING

- Low-cost printing.
- Colour scanning by using the TWAIN driver.
- Easy digitising of books and magazines: scan straight from the platen glass.
- Standard network printing for efficient integration within the workgroup.

RICOH'S GREEN COMMITMENT

Like all Ricoh products, the Aficio™MP 161LN reflects Ricoh's commitment to the environment. We use toxic-free materials, limit noise emission and produce toner with little energy. With their ultra-low power consumption and standard duplexing, our devices take environmental care even further.
